

"After I fractured my pelvic bones in a bad fall, I thought I'd never walk again. But the Transitional Care Center of the Fairport Baptist Homes got me up and moving!"

Betty Hollis leads an active life. At 94, she reads avidly, meets friends for dinner, solves sudoku and crossword puzzles, plays bridge and euchre, participates in music programs and visits her family. A former student of the arts, member of the Gouverneur and Les Beaux Arts Clubs, Betty was well-known in her home town as a "classy lady." One friend lamented, "When Betty left Gouverneur, elegance left town!"

Therapy she received at Fairport Baptist Homes restored Betty's mobility and independence, and she has resumed the everyday activities that make her life worth living. "Everyone is so kind, and the care is wonderful," she noted as she prepared to move home.

Stories like Betty's are found across the FBH campus. Your annual gift goes to work immediately, supporting services and programs, equipment, salaries, facility maintenance and enhancements -- all the things that make up the essence of the Fairport Baptist Homes.

**Annual Gifts. Daily Impact.**
